ABOUT US

VISION: ***Pioneering a Sustainable Future Together***

The Greenovation Club is a student-led organization dedicated to fostering a culture of sustainability and environmental stewardship within our college community. We envision a future where innovation and sustainability intertwine, shaping a world in harmony with nature.

Through a diverse range of initiatives, we empower students to become changemakers, actively engaging in sustainable practices and promoting eco-conscious solutions.

The Greenovation Club was inaugurated on 08/09/2023 at MSIT campus. The club has organized different events like seminar, workshop, invited talk, rally, debate, quiz, tree plantation, e-waste collection, etc. to raise awareness about environmental issues and the importance of sustainable practices among students. The club has twelve core committee student members and twenty-one Executive committee student members. Faculty members are also involved in different activities as mentors

Join us on our journey towards a greener future. Together, we can create a sustainable world for generations to come.

OBJECTIVES

1. **Promote Environmental Awareness:**
   Raise awareness about environmental issues and the importance of sustainable practices among students.

2. **Educational Initiatives:**
   Organize workshops, seminars, and guest lectures to educate members and the wider student body about the latest developments in green technologies and sustainable practices.

3. **Encourage Green Innovation:**
   Foster a culture of innovation by providing a platform for students to explore and develop green technologies and solutions.

4. **Collaborate on Eco-friendly Projects:**
   Facilitate collaborative projects that aim to address local environmental challenges through innovative and sustainable solutions.

5. **Hands-On Green Projects:**
   Engage students in hands-on projects, such as community gardens, waste reduction initiatives, or renewable energy projects, to promote practical experience in sustainability.

6. **Organize Green Events:**
   Plan and execute events such as eco-fairs, green hackathons, and sustainability challenges to showcase and celebrate sustainable innovations.

7. **Research and Development:**
   Encourage student-led research projects on topics related to environmental science, sustainable technologies, and green innovation.

8. **Skills Development and Student Empowerment:**
   Skill-building activities to enhance members' abilities in areas such as project management, teamwork, and communication within the context of green innovation. Empower students to take leadership roles, fostering a sense of responsibility for the club's initiatives and projects.

9. **Collaborate with Other Clubs and Organizations:**
   Establish partnerships with other student clubs, environmental organizations, and industry stakeholders to create a broader impact and facilitate cross-disciplinary collaboration.

10. **Networking Opportunities:**
    Provide opportunities for students to connect with professionals, researchers, and organizations in the field of green technology and sustainability through networking events.

ACTIVITIES

EVENT REPORT- 1

Event Name: ***Official Launching Seminar***

Date:8th September 2023(3pm onwards)

Mode: Offline

Theme: Launching of the Greenovation Club of MSIT

Participants response:100+

Objectives:

The club's official launch was held in the presence of the college principal, faculty members, students, and representatives from SwitchOn Foundation, marking a significant milestone in the club's journey.This marked the official start of the club in the college and brought to the forefront its working objectives and ideologies.

Highlights:

The inauguration event kicked off with an inaugural address by the Principal of Meghnad Saha Institute Of Technology.The highlight of the event was the official launch ceremony of The Greenovation Club, marked by a symbolic lighting of a sustainable lamp and the unveiling of the club's logo and motto.

The event was a resounding success, setting the stage for a dynamic and impactful initiative dedicated to driving green innovation and environmental stewardship. As the club embarks on its mission to inspire, educate, and empower the MSIT community and society as a whole, it seeks to catalyse positive change and create a legacy of sustainability for generations to come.

EVENT REPORT- 2

Event Name: ***Seminar on Sustainability***

Date: 8th September 2023 (3pm onwards)

Mode: Offline

Theme: Sustainability, Renewable Energy, Green Technology

Participants response:100+

Objectives:

To bring to the limelight the necessity of adaptation of sustainable ways of livelihood and its consequences on the upcoming future generations.

Highlights:

The event characterized of distinguished speakers from various fields graced the occasion, sharing insights on the importance of green innovation and its potential impact on campus and society at large. Engaging panel discussions were held, featuring experts, faculty members, and student representatives. Throughout the event, attendees had ample opportunities to network, connect, and forge partnerships with like-minded individuals and organisations passionate about sustainability. From casual conversations to formal networking sessions, the event facilitated meaningful exchanges and potential collaborations aimed at driving positive change.

EVENT REPORT- 3

Event Name: ***Field Trip to Bantala***

Date: 4th October 2023

Mode: Offline

Theme: Agriculture & Pisciculture, Rural India, Agro Tech

Participants response:12

Objectives:

The joint initiative by the IIC and Greenovation Club of MSIT led to an insightful field trip to Bantala, a rural area, aimed at addressing agricultural and pisciculture challenges.The field trip to Bantala exemplified our commitment to rural sustainability by addressing agricultural and pisciculture issues at the grassroots level. By fostering collaboration and empowering communities, we aim to implement tangible solutions for a brighter, more sustainable future.

EVENT REPORT- 4

Event Name: ***Webinar on Sustainability and Renewable Energy***

Date: 22nd November 2023

Mode: Online

Theme: Carbon Footprint,Solar Power, Smart housing

Participants response:100+

Objectives:

The webinar on "Sustainable Innovation: A Collaborative Journey" served as a catalyst for inspiring change and fostering collaboration in the pursuit of a greener, more sustainable future.

Highlights:

The webinar featured presentations and discussions on cutting-edge sustainable innovation projects undertaken by both institutions. From renewable energy solutions to eco-friendly materials and waste management initiatives, participants gained insights into the latest advancements in sustainability research and development. Speakers and panellists engaged in candid conversations about the challenges and opportunities of sustainability within academic institutions like IIT Bombay and MSIT.

It fostered engaging discussions among participants, speakers, and panellists, creating a vibrant platform for knowledge-sharing and idea exchange.

EVENT REPORT- 5

Event Name: ***ECOSPRINT-Republic Day Sustainability Rally***

Date: 26th January 2023 (10am onwards)

Mode: Offline

Theme: Afforestation, Save Tree-Save Life, Reduce Plastic Waste

Participants response:150+

Objectives:

The Greenovation Club at MSIT, in collaboration with NSS and the Sports Club, orchestrated a thrilling rally, ECOSPRINT, from our campus to Urbana Complex, supported by the Bengal Police.

Throughout the rally, organisers and participants alike seized the opportunity to raise awareness about environmental issues and the importance of adopting sustainable practices in daily life. Discussions, posters, and interactive sessions underscored the need for collective action to safeguard the environment for future generations.

Participants revved up their engines for a journey towards sustainability, showcasing our commitment to eco-conscious living.Led by representatives from the organising clubs, the rally embarked on an exhilarating journey towards the Urbana Complex, symbolising unity and progress.

EVENT REPORT- 8

Event Name: ***National Science Day Quiz Competition "QUDEBCO"***

Date:28th February(12 am -11.59 pm)

Mode: Online

Theme: Science and Sustainability

Participants response:140

Time Limit: 25 questions in 15mins

Objectives:

To raise awareness about the critical role of science in addressing sustainability challenges and fostering a more environmentally conscious society was the main objective to conduct this competition throughout the college.

Result:

The winners of This quiz competition were awarded with certificates and medals which they received from our Honourable Guest Dr S.P Gon Chaudhuri on the day of his presence in our college as a Main speaker of our seminar entitled "Dawn of a new energy Age".

1. Punit Agarwal(from CSE AIML 1ST YEAR,MSIT)
2. Subham Dutta(from CSE 2nd year)
3. Lokesh Rathi(CSE AIML 2ND YEAR)

EVENT REPORT- 9

Event Name: ***Sustainability Saraswati Puja***

Date: 14/02/2024

Mode: Offline

Theme: Waste Management, Organic Foods

Objectives:

Our college campus celebrated Saraswati Puja with a sustainable twist, setting a new standard for eco-conscious festivities. Instead of plastic and sola plates, offerings were made on biodegradable sal leaves and steel plates, reducing plastic waste. Additionally, the flowers traditionally offered were replaced with saplings, promoting reusability through tree planting initiatives.

Highlights:

Proper waste management practices were implemented throughout the event, ensuring minimal environmental impact. Recycling bins were strategically placed, and volunteers actively engaged in segregating waste for recycling and composting. In terms of food, the prasad was served in saal leaves to avoid using thermocol plates which was previously used and we prepared pure organic food for all students and faculty for Saraswati puja ,which includes khichudi, organic veggies, chatni , etc ; and the food was served in steel platters to avoid using thermocol or paper plates ,that shows our commitment towards sustainability and waste management.

EVENT REPORT- 10

Event Name: ***Save Nature Awareness on Social Media***

Date: 28/02/2024 to 03/03/2024

Mode: Online

Theme: Save tree Safe life

Objectives:

One Sustainable tip a day keeps the carbon footprint less" Let's come together as The Greenovation Club of MSIT celebrates this Sustainability week with one sustainable tip every day, to raise awareness among individuals about global concerns related to sustainability and environment health.

EVENT REPORT- 11

Event Name: ***Seminar of Prof. (Dr.) S.P. Gon Chaudhuri Sir***

Date: 12/04/2024

Mode: Offline

Theme: Dawn of a New Energy Age

Participants response:100+

Objectives:

National level seminar on "Dawn of a New energy Age" by legendary scientist Prof. Dr. S. P. Gon Chowdhury, the solar man of Kolkata was organised today at Sir J C Bose Auditorium, MSIT. Greenovation Club in association with IIC-MSIT and CARREST organised the same where above 120 students and faculty fraternity

EVENT REPORT- 13

Event Name: ***Innovate 2.O***

Date: 17/05/2024 & 18/05/2024

Mode: Offline

Theme: Tech / Non Tech / Sustainable/Social

Participants response:400+

Objectives:

The Meghnad Saha Institute of Technology (MSIT) hosted a dynamic two-day Innovate 2.0: Innovation & IPR Conclave event organized by the Institution's Innovation Council (IIC-MSIT) and the Greenovation Club of MSIT. The event, held on 17th and 18th May, aimed to foster innovation and creativity among students through a series of workshops, competitions, and keynote sessions. Innovate 2.0 successfully brought together students, educators, and industry professionals, fostering a collaborative environment that celebrated creativity and innovation. The event underscored MSIT's commitment to nurturing future innovators and leaders and also cover the thematic areas of sustainability and green entrepreneurship. The events were:

- Intra College Prototype Competition
- Inter College Business Model Competition
- Inter School Model/Prototype Competition
- IPR Conclave & Innovation and Design Thinking Workshop

EVENT REPORT- 14

Event Name: ***Solar Ambassador Program by InSIC***

Date: 10/07/2024

Mode: Offline

Theme: Renewable Energy, Solar Energy

Participants response:15

Objectives:

The Greenovation Club of Meghnad Saha Institute of Technology have participated in a "Solar Ambassador" program organised by the International Solar Innovation Council (InSIC) in association with NB Institute of Rural Technology (NBIRT), Kolkata. Team Members enjoyed both the theory as well as the demonstration portion throughout the program. We were privileged to have a long conversation with India's solar man Professor (Dr.) S.P. Gon Chaudhuri Sir on the current status and different technologies in renewable energy sectors, future scope of work, opportunities, etc. Thanks to #NBIRT for organising such a program so nicely and #MSIT and Prof. (Dr.) U. Gangopadhyay Sir for allowing us to participate in this programme with our faculty mentors Prof. Dr. Sukhendu Jana sir and Prof. Dr. Pritam Banerjee.

Highlights:

Hands-on experience to work with solar energy. Networking and doubt clearing with INSIC board members

ACHIEVEMENTS

1. One of the Best Performing Greenovation Club for Clean Air Initiative

The Greenovation Club of MSIT has been recognized and awarded champion college for its performance on different activities for Clean Air Initiative on a Symposium "Move for Earth"organized by the SwitchOn foundation on 08/03/2024 at Science City Auditorium. The awardwas handed over by Ms. Elizabeth Lee, US Consulate, Kolkata.

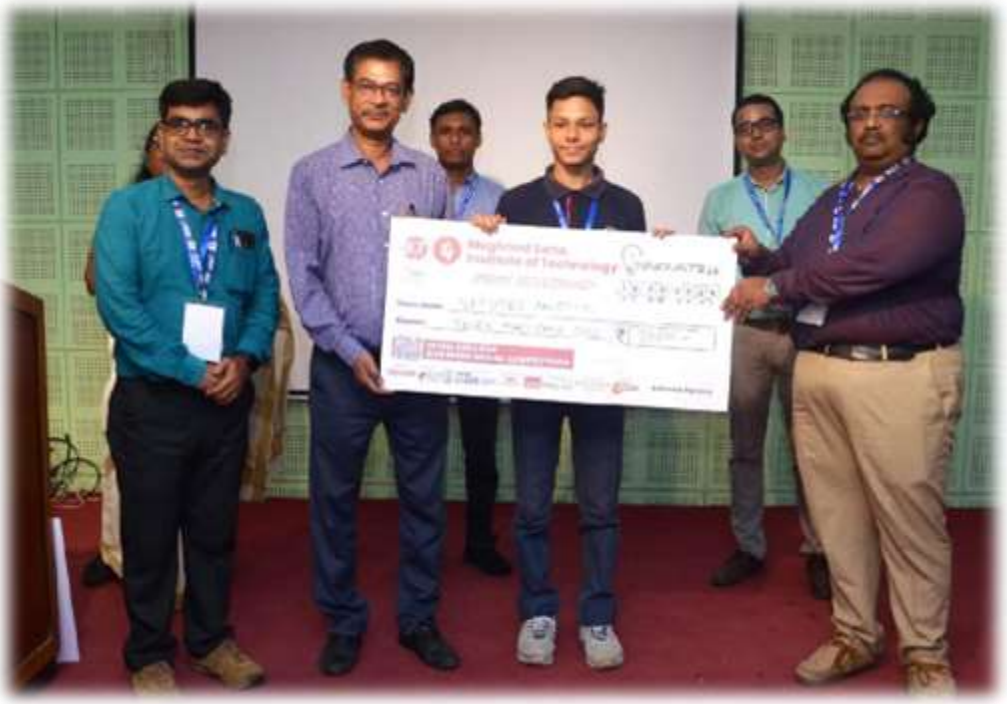

2. For Developing ECO Friendly Sustainable Product & Model

3. First runner up in B Plan Competition, INNOVATE 2.0

OUR FUTURE PLANS

- Orientation program for new comers, along with introduction of our club to Director Sir (same date).
- Patenting of the Product / process developed by the Greenovation Club Members
- Conduct a Debate Competition which is due from last year.
- Sustainable ways of celebrating Holi as well as a stall session in college campus for Sustainable Holi products developed or made by Greenovation Members.
- Building new prototypes and implementing them on a testable scale.
- Sustainable ways of celebrating Diwali as well as a stall session in college campus for Sustainable Diwali products developed or made by Greenovation Members.
- Conduct a E-waste Collection campaign
- Talks on Technology in Sustainability and Renewability by experts/ professors
- Will try to conduct new sustainable events which was not done last year

ACKNOWLEDGEMENT

We express our deepest gratitude to all those who have contributed to the success and growth of the Greenovation Club. This acknowledgement is a humble attempt to recognize the invaluable support we have received.

Firstly, we extend our sincere thanks to the SwitchOn Foundation for initiating and supporting the establishment of our club within the college. Their vision and commitment have been instrumental in bringing this endeavor to life.

We are profoundly grateful to our Faculty in charge, Dr. Sukhendu Jana Sir, whose unwavering dedication and leadership have been crucial from the club's inception to its ongoing activities. His guidance has ensured the smooth functioning of our initiatives.

Our heartfelt thanks go to our former college principal, Prof. (Dr.) Tirthankar Datta Sir, for his encouragement and support, which played a significant role in our early development. We also appreciate the continued support from our current college director, Prof. (Dr.) Sukumar Roy Chowdhury Sir, whose endorsement of our activities has been immensely motivating.

We acknowledge with gratitude the mentorship provided by Dr. Anjan Roy Sir, Dr. Pritham Banerjee Sir, Dr. Utpal Gangopadhyay Sir, and Dr. Sudip Dogra Sir. Their expertise and guidance have been invaluable to our progress.

We would like to thank the representatives of the SwitchOn Foundation, including Ms. Ananya Dey Mam, Ms. Anisha Pandey Mam, Mr. Akash Ghosh Karmakar Sir, Mr. Krishanu Bhattacharya Sir and all other team members, for their continuous support and guidance.

Our deepest appreciation goes to all the members of the Greenovation Club. Their enthusiasm and dedication are the heart of our organization, and without them, our mission would remain incomplete.

Lastly, we extend our gratitude to all individuals globally who are working towards sustainability and advocating for the #MoveForEarth initiative. Their efforts are a source of inspiration for us.

To everyone mentioned and those who support our cause, we offer our heartfelt thanks.

Thank
you
